0.5 DAY COURSE

PD Training's Assertiveness and Self Confidence Course teaches you how to become more confident and comfortable with personal assertiveness, how to cope with other people's negativity and how to respond when someone else is being overbearing or aggressive towards you.

In this empowering course, you also learn how to approach both difficult topics and topics you're passionate about with constructive approaches, including how to say "no" without being portrayed as "offensive," how to use body language effectively, how to express your views and disagreements positively and much more.

This is a practical class that is suitable for all audiences and provides people with the tools that they can apply on-the-job (and in other contexts) the very next day. This is an instructor-led class that you can attend from home or your office.

We use secure Video Conferencing with interactive features such as live polling, screen sharing, whiteboards, live chat and breakout sessions.

These courses are facilitated in English, and are open to people from different industries in all countries especially across The United States, Singapore, Malaysia, and Hong Kong - this is a short but powerful learning experience that gives you global collaboration opportunities. Our trainers and processes have been refined to give you a personalised learning experience where it is specifically targeted to your needs, see our outcomes in the reviews.

****Please note, these classes run to a very tight schedule, please follow the invitation and join the class 10-minutes prior to commencement so you are ready to participate and don't miss a minute!**

What You'll Gain:

This Assertiveness and Self Confidence Training Course empowers participants with the confidence to be "heard". You will also learn to develop and enhance techniques to communicate politely and assertively without being considered pushy.

Our **Assertiveness and Self-Confidence Training Courses** are delivered by **PD Training's experienced trainers** via our 3-hour Online Instructor-led platform. Share
